

BUSINESS NOTEBOOKS – PROBOOK SERIES

configured for your business needs

Enter the HP ProBook Series for a premier mobile computing experience made with maximum flexibility to meet your most discerning demands while doing business in or out of the office. Designed for full configurability, you can take advantage of its superb portability boosted by high performance and high-level security features that every mobile professional expects. Combining durable metallic finishes in a sleek package, power and performance are taken to new extremes with a host of business essentials, multimedia extras and HP Professional Innovations.

Features:

Built to Simplify

With HP Connection Manager, you get full control over your wireless connections through a single user interface. With HP QuickWeb you can tab into fast, convenient and more secure access to the internet, email, contacts and calendar all at the touch of a button – without long boot-up times. The new HP DayStarter displays your extended calendar and battery charge while your notebook PC boots Windows, so you can jumpstart your day.

Built to Conserve

HP Power Assistant extends battery run time while reducing energy consumption. It is an integrated solution that measures and logs reported system energy usage through a simple interface.

HP 3D DriveGuard

Reduce risk of corruption or loss of data and protect your notebook from system failures caused by operational shock with HP 3D DriveGuard.

Keep your data protected

HP ProtectTools is a portfolio of security technologies, that's easy to use, robust and can be centrally managed by businesses of all sizes across HP and non-HP client PCs.

The Infineon Professional TPM Package provides enhanced hardware-based protection for data and credentials. The HP Fingerprint Sensor allows you to use fingerprint authentication to log onto Windows.

Powerful Sound (only for HP ProBook 5330)

Beats™ Audio unlocks all the sounds that musicians and producers have perfected in the studio. Unleash amazing sound and clarity while listening to music, webcast and presenting multimedia material.

BUSINESS NOTEBOOKS – ELITEBOOK SERIES

engineered for the long run

Meet the ultimate computing partner that is built for reliability and can withstand the daily rigours of business – on the road or in the office. The HP DuraCase, a full magnesium alloy chassis, protects a body that has gone through extensive HP TotalTest Process to ensure it delivers the performance you can rely on.

Features:

Full Power

Create documents, presentations and spreadsheets and quickly share them with co-workers. The Intel architecture features the Intel® Core™ i7 and i5 dual-core processors. Benefit from incredible performance and responsiveness with a solid state drive or a fast 7200rpm hard disk up to 750GB. Despite its compact size, you can store plenty of data.

Benefit from exciting processor performance features like Intel® Turbo Boost Technology 2.0, Help trim IT costs with remote manageability through Intel® Core™ processor with vPro™ Technology.

Run demanding graphics with Intel® HD Graphics 3000 which delivers responsive performance and rich media capabilities.

Military-standard Durability

The sleek platinum casing and military-grade testing for drop, vibration, dust, altitude and high temperature helps ensure your notebook can survive rough travels and tough work locations.

Equipped To Get The Job Done

An easy-to-view 12.0" to 14.0-inch diagonal HD display supports up to four concurrent displays with AMD Eyefinity Technology.

HP 3D DriveGuard

Reduce risk of corruption or loss of data and protect your notebook from system failures caused by operational shock with HP 3D DriveGuard.
