With HP's Link-5 technology, you can connect up to five compatible HP accessories to one micro receiver, and never worry about swapping cables or receivers again.

Features and Benefits • Take up no more than one port for up to five compatible accessories. • Just press the connect button and start using your accessory; HP Link-5 eliminates the software-pairing step. • The micro receiver is so small you can leave it plugged into your desktop or notebook, or store it safely inside your Link-5 accessory. • Link-5 delivers reliable connectivity using 2.4 GHz wireless technology. • Count on long battery life thanks to intelligent sleep mode; when batteries do run low, the status LED alerts you. • No software required to pair.
